ARRANGEMENTS FOR A BATTLE

The Chinese and Japanese Force Facing Each Other at Yalu River.

BACRAMENTO, October 16.ler today lowered the world's one-mil bicycle record of 1.50 3-5 made at Wa tham, Mass., September 28th by John 8. Johnson, to 1.50 flat. Several watches made it 1.49 4-5. He beat his pace makers under the wire. The pace makers were Wells and Hall, Smith an and Delmas and Hamlin Ocen, and Delmas and rimmin. Ziegler got a beautiful start, and passed the quarter in 26 3-5 seconds. The pickup by the second tandem was nicely done without loss of time, in the phenomenally just time of 58 3-5 sec-

phenomenally fact time of 53 3-5 seconds, leaving Ziegler a full minute to make the least half and break the record. He made the three quarters in 1.23, and was picked up by Delmas and Hamlin on a tandem for the run home. They brought him down the course at a tremendous rate of speed, but when within about sixty yards of the wire Zeigler, who had been riding almost on top of his pacemakers, could wait no longer, and shooting out to one side flew by them and passed under the wire, a world beater in 1.50. There is an doubt but that he could have lowered the record at least two seconds had the pacemakers been able to lead him.

L. S. Upon went a paced mile, flying rd at least two seconds had the homeways been table to lead him.

L. S. Upson went a paced mile, fly start, in 2.06%, reducing the class coast record of 2.15.

BIG SUIT ENDED.

A Controversy Involving an Estate Worth \$1,000,000. In San Jose, October 16th, the suit of the helps of Eldredge Robertson against he estate of Cullibert Burrell was

thrown out of court by Judgo Lorigan,
who sustained a demurrer to the complaint.
Burrell died last year, leaving an estate valued at \$1,000,000, a large part

iate valued at \$1,000,000, a large part consisting of lands in Fream and Tulare counties. Robertson, who was his partner years ago, died in 1884. After Burroll's death the heirs of Robertson brought suit in Tulare county for an accounting of the partnership. They claimed that Burrell and Hobertson, when unraged in the business of stock raising had a joint capitol of \$10,000. When Robertson died this had increased ten fold, and when Burrell died was worth \$1,000,000, and Burrell had never made an accounting with the heirs of his partner.

The ground on which the denurrer was anstained was that the heirs had no legal capacity to sue for an accounting that function belonging to the administrator of the estate.

No man doing service for the railroad company in congress would have been permitted to combat the plane of the company as he did, at a time when every railroad newspaper and every railroad influence was being brought to bear to convince the settlers that their interests would be subserved by admit ting defeat and accepting the terms of fered for settlement. It is true that Mr. Bowers did not accomplish all that he undertook in the interest of the set-tlers, but his efforts did have the effect ouraging the settlers to stand by their rights, which were finally vindi-cated in the courts without federal as-sistance. The purpose of the railroad company was effectually defeated, white Bowers was standing by the settlers and

The attempt to criticise Mr. Bowers because he did not go before the committee and oppose the Reilly funding bill is purely gratuitous and without significance. The fact that out of the scores cance. The reasons for this state of affairs

The reasons for this state of affairs are numerons. The issuing of bonds to double or quadruple the cost of the roads is one of them. This is another fact which bond buyers are beginning to recognize. To sum or roads built within the last ten or lifte roads built within the list ten of inter-years have been speculations. Dedication Exercises Last Night at

West Park.

The new Haymaker' hall just completed at West Park was dedicated last night with appropriate coronomy, with a most cojoyathe program, the chief part of which was the supper. This hall was built for social entertain.

This hall was built for social entertainments, such as dances, lectures, literary societies and political and other discussions. It was announced by the management some time ago that three political entertainments would be given before election, for the Republicans, Populists and Democrats.

Last night was the Republican date, and good use was made of it. There was a half filled with people who came to hear the speaking, and a large number of candidates ready to speak if occasion required. Nearly all of them word given an opportunity to say a few words in their party's behalf in general, and their own behalf in particular. The speakers of the evening were Dr. C. Rowell and Stanton L. Carter.

The supper came after the addresses were concluded. The tables could accommodate about ninety persons at a time, and even at this rate of speed it required some time to give all a chance at the abundance of good things.

Few plays of recent date have been more highly represented than "In Old Kentucky," which appears at the Barton next Monday evening, October 22d. It was beyond question the most talked hoots play produced last season. It tells a comparatively simple story in a starring way. The types represented by the characters are interesting as well as humans, and what is most important of all, they appeal to his heart. The heroline is a sweet Kentucky girl—a girl of fesh and blood, a product of nature universampled, a blushing bud on a wild rose bush, in whose love affairs one takes a ivoly interest. The production is an claborate and expensive one, and the seenes represented afor remarkable for their fidelity to nature.

Two weeks ago two floors, 75x100, were covered with elegant furniture; covered with elegant furniture; A. Kalmer ... Vice Provident and Managor today they are bare, and you John Melahaman ... Osehler can't see the floors in W. Parker Lyon's place in Fresno for they are piled high with spoils. It took a whole train load of freight cars to move it to Fresno. In a few days everything will be in shape for exhibition. Save your money and I'll give you a chance you never had before.
